

## NOTRE DAME BASEBALL – 2007 BIG EAST TOURNAMENT NOTES

*BACK IN FAMILIAR TERRITORY* – The Notre Dame baseball team (28-26, 11-15 BIG EAST) is making its 12th straight trip to the BIG EAST Championship and will be opening versus longtime league rival Rutgers (Tuesday, May 22; 1:00 eastern), at KeySpan Ballpark in Brooklyn, N.Y. ... the Irish took 2-of-3 at Rutgers in late April (15-3, 0-7, 6-4) ... ND leads the all-time series with Rutgers 25-15, including a 5-4 margin in BIG EAST tournament meetings ... the starting pitchers will be a rematch of game-2 from the earlier series (ND sophomore RHP Kyle Weiland and RU senior RHP Steve Healing) ... links to live stats, video and audio are available at und.com.

*FIVE-PEAT NO EASY FEAT* – Oral Roberts (9, Mid-Continent Conference) is the only team in the nation with a longer active streak of conference tournament titles than Notre Dame's five straight BIG EAST Tournament titles... Rice won nine straight Western Athletic Conference automatic bids from 1997-2005 (the WAC does not sponsor a tournament and awards its bid to the regular-season champ) and then won the 2006 Conference USA tournament ... ORU and Rice are the only teams – among 30 Division I conferences – that are riding a streak of more than five consecutive conference automatic bids ... Notre Dame also owns the record for consecutive wins in BIG EAST tournament play (9, from 2003-06).

ND is part of an even smaller list of seven teams that advanced to at least the NCAA Regional final every year from 2000-05, with the other six teams including LSU, Miami, Rice, South Carolina, Stanford and Texas.

# BIG EAST YEARLY AWARDS RECAP

Three Notre Dame baseball players - sophomore pitcher David Phelps, junior shortstop Brett Lilley and freshman third baseman A.J. Pollock - received all-BIG EAST Conference honors, on Monday night at the league's annual pre-tournament banquet. Phelps was named to the first team, joining former All-Americans Aaron Heilman (in '99) and Chris Niesel (in '03) as the youngest Notre Dame pitchers ever named to the BIG EAST's top team. Notre Dame staked its claim for having this season's top leftside infield combination in the BIG EAST, as the Irish were the only team with its shortstop and third baseman among the 41 total all-BIG EAST honorees (Lilley and Pollock both were third-team selections).

Only three BIG EAST teams totaled more all-conference picks than Notre Dame, which had to replace six former all-BIG EAST performers from its 2006 team (with those players lost via graduation or the Major League draft). Phelps spent the past month locked in a two-way battle for BIG EAST pitcher-of-the-year honors, with Louisville junior Zack Pitts ultimately taking home that award. Pollock also was a leading candidate for BIG EAST rookie of the year and finished the regular season as the league's top freshman hitter, but Louisville pitcher Justin Marks was named rookie of the year in recognition of his own strong season.

Phelps - who joins Heilman and Niesel as the only Notre Dame sophomore pitchers ever named first team all-BIG EAST (none have done so as freshmen) - finished the regular season as the league leader in overall ERA (1.87; 14th in the nation) and strikeouts (93; also first with 37 Ks "looking") while tying for the second-highest win total (8-4). He currently is one of just six pitchers in the nation with an ERA under 2.00, eight or more wins and 90-plus strikeouts. Phelps also ranks first among BIG EAST pitchers in overall pickoffs (6), second in innings pitched (101.1) and eighth in low opponent batting average (.243). In regular-season BIG EAST games, he finished second in ERA (2.14, trailing only Seton Hall's Keith Cantwell) plus first in strikeouts (67) and innings (71.1), second in Ks looking (26) and pickoffs (4), third in wins (5-3) and 10th in low opponent batting avg. (.242).

Lilley previously was a third team all-BIG EAST selection in 2005 and a second-team pick in '06, with his honor this season making him the seventh Notre Dame position player ever named all-BIG EAST three or more times. He currently leads the BIG EAST in overall on-base percentage (.504) and times hit-by-pitch (26; also 3rd nationally) while ranking fifth in triples (3), sixth in runs scored (54), ninth in walks (30), 10th in fielding assists (151) and 12th in batting average (.361). Lilley also finished as the BIG EAST leader in on-base pct. during 2007 league play (.517), plus first in HBPs (12), sixth in walks (17) and eighth in batting average (.367) and 11th in assists (25). His other overall stats for the season include 13 RBI from his leadoff spot, 69 hits, 6 doubles, a home run, a .440 slugging pct., 26 strikeouts, 4 sacrifice bunts, 5-of-6 stolen bases, 13 errors and a .946 fielding pct. (while starting all 54 games).

Pollock's lateseason surge landed him third on the BIG EAST overall batting charts (.382), trailing only a pair of senior outfielders. He also ranks sixth among BIG EAST players in on-base pct. (.469) and ninth in walks (30) while his solid debut season included finishing fourth among BIG EAST players in league batting average (.386), plus third in hits (39) and sixth in on-base (.457). His other overall stats for the 2007 season include 39 runs, 73 hits, 12 extra-base hits (3 HR, 2 3B, 7 2B), 28 RBI, .487 slugging, 3 HBPs, 18 Ks, 9 sac. bunts, 11-of-13 SBs, 19 Es and a .901 fielding pct. (in 52 GP/50 GS). Pollock is on pace to post the third-best season batting average ever by a Notre Dame freshman and could become just the fourth freshman ever to lead the Irish in batting. He is the 10th Notre Dame freshman ever to receive all-BIG EAST honors, with others including Lilley and current Notre Dame sophomores Kyle Weiland and Jeremy Barnes.

Phelps is the eighth different Notre Dame pitcher (all RHPs) ever to receive the prestigious first team all-BIG EAST distinction, with others including current big leaguers Brad Lidge ('98) and Heilman ('99, 2000 and '01), plus Danny Tamayo ('01), Niesel ('03), Grant Johnson ('04) and his former teammates Jeff Manship and Jeff Samardzija (both in '06). Lilley joins an impressive group of six previous Notre Dame position players who were named first team all-BIG EAST three or more times, led by former DH Jeff Wagner (a four-time honoree in from '96-'99). The five others who have been named all-BIG EAST three times include infielder Brant Ust, centerfielder Steve Stanley, outfielder Brian Stavisky, second baseman Steve Sollmann and OF/1B Craig Cooper. Heilman is the only Notre Dame pitcher ever to collect three or more all-BIG EAST honors.

Five players who ended the regular-season among the league's top-12 leaders in overall batting average were placed on the third team. That impressive collection of third teamers includes Pollock, Lilley, St. John's outfielder Brian Kemp, Villanova third baseman Derek Shunk and West Virginia centerfielder Adam White.

Pollock, Marks (2nd team) and Kemp (3rd team) were the only freshmen among the 41 total players who received 2007 all-BIG EAST honors.

*STRONG STARTER* – Phelps has turned in strong results in the 1st-4th innings this season, compiling a 1.29 ERA while allowing just a .235 opponent batting average in the first four innings of his 2007 starts ... he also owns better than a 4-to-1 K-to-walk ratio in the first four innings this season (46/11) and has seven more innings pitched (56) than hits allowed (49), with 9-inning averages of 7.4 Ks and just 1.8 walks over innings 1-4 ... Phelps has feasted on his first time through the bottom of the order and did not allow an earned run (1 UER) in the 2nd inning of his first 13 starts (13 IP, 9 H/188, 10 Ks, 3 BB), before UConn plated a pair of earned runs (plus one unearned) in the 2nd inning last week ... with Phelps leading the way, the 2nd inning also has been the most efficient this season for the ND staff as a whole (1.83 ERA, .209 opp. avg., 46 Ks, 16 BB, 42 H in 54 IP).

*FREEBIES UPDATE* – Notre Dame has allowed nearly nine “freebies” per game, utilizing a formula developed by head coach Dave Schrage to measure how many free bases a team allows ... by comparison, ND’s 2006 team allowed just 6.2 freebies/gm en route to totaling 45 wins while Schrage’s 2006 team at Evansville had just 5.6 freebies allowed per game (helping produce 43 wins for the Aces) ... ND’s near-.500 season (28-26) is mirrored by nearly-identical freebie numbers for the Irish (472; 8.7/gm) and their opponents (496; 9.2/gm) ...

Freebies	ND 2007	ND 2006	EVANSVILLE 2006
Walks Allowed	184	170	160
Errors	79	68	65
Stolen Bases Allowed	72	65	43
Hit Batters	61	50	49
Wild Pitches	45	23	27
Passed Balls	26	6	10
Balks	5	7	6
<b>TOTAL</b>	<b>472 (8.7 per game)</b>	<b>389 (6.2/gm)</b>	<b>360 (5.5/gm)</b>

*FIVE ALIVE* – The steady performance of the ND pitching staff this season has produced a 22-3 record for the Irish when scoring 5-plus runs (just 6-22 with 0-4 runs and 4-19 when ND scores 0-3) ... during the recent 5-game losing streak alone, five runs by the Irish would have been enough to win two of the games at Louisville while forcing extra innings in the opener vs. UConn ... as things turn out, the series finale of the UConn series produced a rare loss for the Irish when reaching the 5-run mark (6-7).

*HOME RUN DROUGHT* – The Irish ended a midseason home run drought by sending four over the fences versus West Virginia on April 21 ... that power surge launched ND onto a hot streak that featured four straight games with home runs (also HRs in six of seven games) ... the Irish then were mired in another home run slump, managing just one long ball in nine games (by Mike Dury, in game-2 of the Louisville series) before Watt Weglarz homered in game-2 of the UConn series ... the Irish are 11-4 when hitting a home run this season and 5-0 when smacking multiple HRs in a game.

*EARLY INNINGS KEY* – Notre Dame has owned a clear scoring margin in the first three innings this season (135-86), including a dominating 34-15 edge in 2nd-inning runs ... ND's top team batting avg. inning has been the 3rd (.361), producing the team's highest single-inning run total of the season (59) ... the Irish also have totaled 42 runs in their first trip to the plate this season.

*FRONTRUNNERS PROSPER, COMEBACKS RARE* – The team scoring first in Notre Dame's games this season is 41-13 (23-8 for ND) ... comeback wins have been very rare this season in the Irish games (by either team), as the team entering the 7th inning this season is 40-6 (ND 20-2) while the team that ends the 7th with the lead is 42-5 (ND 20-1) ... ND's 54 games this season have produced just two 9th-inning comeback win (one by the Irish and one by UConn), as teams entering the 9th with the lead are 47-2 (ND 23-0).

*CAN WE SKIP TO THE 6TH?* – Notre Dame has been outscored 39-13 in the 5th inning this season, with the Irish hitting just .204 as a team in that inning while the opponents are batting .300 in the 5th.

## 2007 NCAA HIT-BY-PITCH LEADERS

1. Robbe Knight (Creighton) 31
2. Graham Maiden (College of Charleston) 29

Note: Lilley has 12 career games with multiple HBPs in a game, including six in 2007 (at one point he had 3 straight games with multiple HBPs) ... he had 4 HBPs as a freshman at Central Florida and 3 HBPs in 2007 vs. Ball State

## NCAA RECORD BOOK CAREER HIT-BY-PITCH

1. 92 ... Tony Hurtado (San Francisco; 1997-2000) ..... 221 GP 2.40 gms/HBP
- 2. 84 ... Cody Rizzo (Notre Dame; 2003-06) ..... 233 GP 2.77 gms/HBP**
3. 81 ... Gabe Somarrriba (Florida Atlantic; 1999-2002) ..... 226 GP 2.79 gms/HBP

6. 74 ... Jeff Ontiveros (Texas; 1999-2002) ..... 258 GP 3.49 gms/HBP

Note: Lilley has been hit more often than any of the top-6 on the above list (based on GP per HBP) ... at his career pace, Lilley would move into a tie for 3rd with 10 more games played ... his pace would land him in a tie for the ND record (also 2nd in NCAA history) with 16 more GP and he would need 33 more GP (he has one season of eligibility left) at his pace to break the NCAA record.

**EXTREME LIVING** – Notre Dame's offense has shown the potential for big innings and high run totals throughout the 2007 season, but that success at the plate has been countered by several other games with low hit and run totals for the Irish ... those extremes include a .412 combined team batting average in the 13 wins this season, with the Irish averaging 14 hits and 10 runs per game in those victories (highlighted by a 4-1 win over a TCU team that was ranked as high as 12th at the time, plus a 16-6 victory over then-#7 Nebraska) ... on the flip side, ND is hitting just .184 in its 14 losses (avg. of 7 hits and 3 runs per game in the defeats) ... nine of the wins have featured double-digit hits from the Irish (plus two with 9, an 8-hit win and one with 7) while nine of the losses have seen ND manage just 2-5 hits.

**HITTING IT ON THE HEAD** – The team that has finished with the edge in hits has gone 39-9 in games involving ND this season ... the Irish are 20-5 when outhitting the opponent but just 4-14 when the opposing team collects more hits ... ND's five losses when outhitting the opponent this season have featured other key stats ... the 9-4 loss to UNC Wilmington (11-8 hit edge for ND) saw the Irish lose a midgame lead, after giving away six unearned runs in the pivotal 6th inning ... most recently, the Irish gave South Florida 17 "freebies" (BB, HBP, WP, E, PB, SB) in the game-2 loss (13-10; ND had 14-12 hit edge) ... the next day, the Irish stranded 14 runners and gave up seven late runs in the series finale loss to the Bulls (9-1; 13-9 hit edge for ND) ... Notre Dame lost game one of its series with Cincinnati 4-3, despite out-hitting the Bearcats 10-7 (the Irish gave up 7 "freebies") ... The most recent defeat in a game in which the Irish out hit their opponent was at Louisville, when the Irish again lost 4-3 despite out-hitting the Cardinals 8-7 (ND gave up 4 "freebies", all hit batsmen).

**FIVE IS THE MAGIC NUMBER** – The steady performance of the ND pitching staff has caused the Irish to be 21-2 this season when scoring 5-plus runs, but that success rate falls off significantly when ND has scored just 0-4 runs (6-22, including 4-19 when held to 0-3 runs).

**RARE LATE-GAME DRAMA** – Notre Dame's 51 games this season have featured very few late-game comebacks (by either team) ... in fact, the team leading at the end of the 6th inning is 39-5 this season (20-1 when ND leading, 19-4 when opponents are up), plus a 41-4 record for teams with a lead at the end of the 7th (20-0 ND, 21-4 opponents) and 45-1 for teams entering the 9th with a lead (22-0 for ND, 23-1 for opp.'s).

**SLIPPING AWAY** – The first half of the 2006 season has seen the Irish lose five times by a margin that was created by unearned runs ... ND also held middle-inning leads in each of those tough losses:

- Feb. 17 - Texas State 2, ND 1 ... Bobcats scored winning run in the 8th, with the help of a costly catchers-interference play (ND led 1-0 entering the 5th)
- Feb. 23 - UNC Wilmington 9, ND 4 ... the Irish made 3 errors in the 6th, as UNCW scored 6 unearned runs to turn a 3-1 deficit into a 7-3 lead
- March 2 - Stetson 5, ND 4 ... a 1st-inning passed ball allowed the homestanding Hatters to score what proved to be a costly unearned run, sparking their comeback from an early 4-0 deficit (ND still led 4-3 in the 7th before Stetson scored the final two runs).
- March 16 - Florida Gulf Coast 5, ND 3 ... ND jumped out to a 3-0 lead on the home team Eagles but allowed a pair of unearned runs in the 5th and another in the 8th (the Irish still led 3-2 in the 6th, before a pair of FGCU runs).
- March 24 - USF 13, ND 10 ... 10 runs were not enough to overcome single unearned runs allowed by ND in three different innings (1st, 2nd and 6th), ultimately helping to wipe out a 5-2 Irish lead heading into the 6th inning.

**FREEBIE FACTS** – First-year Notre Dame head coach Dave Schrage began tracking the stat of "freebies" during the past few years at Evansville ... the freebie stat takes into account six categories (walks, hit batters, wild pitches, errors, passed balls and stolen bases) in which a team helps its opponents by putting runners on base or allowing them to advance (without the benefit of a hit) ... ND's current freebie total is 444 (142 BB, 42 HB, 28 WP, 67 E, 24 PB, 53 SB), for an average of 8.7 freebies allowed per game ... by comparison, Schrage's record-setting 2006 Evansville squad averaged just 5.5 freebies per game en route to a 43-22 final record (UE's 354 total freebies in '06 included 160 BB, 49 HB, 27 WP, 65 E, 10 PB and 43 SB) ... ND's 2007 opponents have compensated by giving the Irish 458 freebies (8.98/gm), with the near-identical freebie totals for ND and its opponents closely mirroring the just over-.500 record (22-18) ... the first 40 games of ND's 2007 season have seen an average disparity of more than 3.0 freebies per game between the winning team (7.4) and the loser (10.7) ... ND's current freebie avg. includes 7.5 in its wins but 7.4 in the losses (the opponents are 6.9 in their wins, 10.0 in losses).

**TOUGH FOES** – The casual fan may not recognize some of Notre Dame's 2007 opponents, but many of these teams are top baseball talents that are forecasted to be in the 2007 NCAA field ... the Irish already have played 10 games vs. teams currently in the top-100 of the RPI (per [www.warrenolan.com](http://www.warrenolan.com)): Stetson (11), Coastal Carolina (15), Nebraska (48), South Florida (49; three-game series), TCU (56), Texas State (66) and Central Michigan (73), plus #104 Iowa and #105 UNC Wilmington ... nine of the Irish losses have come at the hands of teams from the above list, with other top-100 games still remaining vs. Louisville (41; three-game series), Michigan (63) and Rutgers (102; three-game series) ... Baseball America picked seven of ND's 2007 opponents - TCU, Stetson, Michigan, Illinois-Chicago, Central Michigan, Harvard and Prairie View A&M - to win their conference tournaments and advance to the 2007 NCAAs (BA also tabbed Nebraska to finish 2nd in the Big 12 and make the '07 NCAAs) ... three other teams on ND's 2007 schedule (UNC Wilmington, Ball State and Sacred Heart) were 2006 NCAA participants, as were Nebraska, TCU, Stetson, Michigan and PVA&M.

**UNPRECEDENTED RELOADING** – A check of recent Notre Dame teams and the other current BIG EAST squads reveals that ND's 2007 team has faced a very unique challenge in replacing large chunks of key personnel from the previous season (in addition to the ND program undergoing what is just its third coaching change since the early 1980s) ... the season-ending surgery for senior catcher Sean Gaston (before the '07 campaign had even begun) meant that the Irish had lost six starting position players from the 2006 team ... in addition to Gaston, the losses included: All-America 1B and BIG EAST player of the year Craig Cooper; Academic All-America and all-BIG EAST SS Greg Lopez (a two-year team captain); LF Matt Bransfield (a former all-BIG EAST performer and league RBI leader); standout defensive CF Alex Netthey; and another top defensive performer in RF Cody Rizzo, who also filled in admirably as the team's backup catcher ... a sampling of the 19 previous ND teams shows that none faced the challenge of replacing six position starters ... in fact, the only thing comparable came in 2003, when five starters graduated from the 2002 College World Series team (one of them the DH, with four starters in the field returning for '03) ...

- As if the personnel turnover in the field were not a tall enough task, the Irish also had to replace the entire 3-man weekend pitching rotation from the '06 team (Jeff Manship, Jeff Samarardzija and Tom Thornton) ... each of those pitchers had been an all-BIG EAST selection during their careers (Manship was the '06 BIG EAST pitcher of the year and an All-American) and all three went on to be selected in the 2006 MLB draft, the first time more than two pitchers from an ND baseball team have been picked in the same draft ... the sampling of the previous 19 seasons reveals that none of those ND teams had to replace all three of their top starting arms from the prior season ... only five times since (at least) 1989 – in '93, '99, 2001, '03 and '04 – has an Irish team even faced the task of replacing two top starting pitchers ...

- A similar check of the current BIG EAST teams likewise reveals that ND's reloading challenge is the steepest in the 12-team league ... Georgeown, West Virginia and Cincinnati (each with 5) are the only teams that had to replace more than four of their nine offensive starters from 2006 (compared to ND's replacing of 6) ... six different BIG EAST teams (see chart below) returned 6-8 offensive starters, twice as many (or more) as the Irish ... the other 11 teams averaged 5.7 returning starters to the offensive lineup, plus an average return of nearly two of the three pitchers from the weekend rotation (1.9, compared to none for ND) ... the 11 other BIG EAST teams returned an average of 7.6 starters from the nine offensive players and top three pitchers (well more than ND's total of three returning starters).

<b>BIG EAST Returning Starters</b>	<b>offensive (max. 9)</b>	<b>weekend pitchers (max. 3)</b>	<b>total (max. 12)</b>
Seton Hall	8	3	11
St. John's	7	2	9
Rutgers	7	2	9
South Florida	6	2	8
Louisville	6	2	8
Connecticut	7	1	8
Pittsburgh	5	2	7
Cincinnati	4	3	7
Villanova	5	2	7
West Virginia	4	2	6
Georgetown	4	0	4
<b>Notre Dame</b>	<b>3</b>	<b>0</b>	<b>3</b>

Note: the other 11 teams returned an average of 5.7 offensive starters and 1.9 weekend pitchers (avg. of 7.6 returned from the top-12 starters/9 offensive and 3 pitchers)

**APRIL AWAKENINGS** – Notre Dame's slow start to the 2007 season (12-14, through the end of March) compares similarly to the first seasons of the program's two previous head coaches, as the 1988 team entered April with just a 14-12 mark (under 1st-year coach Pat Murphy) while Paul Mainieri's first ND team in 1995 was just 11-10 as it entered April ... the 1988 team responded with a 25-10 record the rest of the way to finish 39-22 and win its divisional title in the Midwest Collegiate Conference (followed by a 1-2 showing in the MCC Tournament) ... the '95 team similarly used a 29-11 record during April and May to win finish 40-21, with an MCC divisional title and a runner-up placing at the MCC Tournament ... the '88 and '95 teams failed to make the NCAA Tournament field (the event featured just 48 teams prior to '99) but the strong closes to both seasons vaulted the program on to NCAA appearances in the following seasons ('89 and '96) ... the 1995 and 2007 teams have another interesting parallel, as the '95 squad lost senior catcher Bob Lisanti to a season-ending injury in the opener vs. Texas ... Lisanti returned for a 5th year in 1996 and was a leader of that 44-win team – with current senior catcher Sean Gaston hoping to take a similar path and return for his 5th year in 2008 (after preseason shoulder surgery wiped out his 2007 season).
