

COMING 8.22.19

WHAT IT IS

ESPN and the ACC bring you ACCN – a new 24/7 national network dedicated to ACC sports. ACC Network Extra, now represented as ACCNX, will continue as the digital platform for additional live events.

Get closer to 15 championship-winning programs with 450 live events, inside access, studio programming and ESPN Films documentaries.

ACCN is coming August 22nd to TV, computer and mobile screens nationwide to let fans know – WE DO THIS.

HOW TO GET IT

Access to ACCN and ACCNX will be determined by your pay TV provider (cable, satellite, telco, or streaming service).

You will not be able to subscribe to ACCN/ACCNX directly or via ESPN+. Your pay TV provider will need to have an agreement in place to carry ACCN; be sure to sign up for their specific package that includes ACCN.

WHAT'S CHANGING

Starting August 22, 2019:

- ACCN can be streamed in the ESPN App. ACCNX will remain in the ESPN App. Access to both will require that your pay TV provider (cable, satellite, telco or streaming service) carry ACCN.
- Access to ACCNX will depend upon your pay TV provider carrying ACCN. If you currently have access to what is now ACCNX and your provider is not slated to carry ACCN, then you will no longer have access to ACCNX.
- You will no longer be able to watch ACC controlled games via over-the-air broadcast providers. All ACC controlled games will be on ACCN, ACCNX, ABC and the ESPN family of networks, with the exception of limited regional cable games.
